Denny,

Just a brief note to let you know that our new building is performing as promised and then some. We are very pleased with the design features and efficiency gains that we have achieved. When we think that we almost leased an existing building that wasn't exactly what we needed, we are so glad that we didn't. From site selection, to land cost, to finished facility your firm was on top of it every step of the way.

As I told you we may have need for your firm again for another facility. We would definitely use you again. Thanks for doing a good job.

Yours truly,

Terry Blakely, President, Hoosier Penn Oil Co.
